About Me

Recent Bachelor of Information Technology graduate with a passion for creating user-centric websites and applications.

Proficient in many programming languages and software tools, including JavaScript, Typescript, HTML, CSS. Experienced in UI/UX design and computer hardware and software management.

A dedicated problem solver with the ability to work both independently and collaboratively to achieve set objectives. Committed to continuous learning and development.

Experience

Eddie Studio - Web Developer Current

Web developer at Eddie Studio.
As a web developer, I create and maintain websites using programming languages, frameworks, and problem-solving skills to ensure functionality, design, and user-friendliness.

Spritely Apps - Work Experience Jan 2023

Front end developer experience with Ios and android app development using React native in a fast-paced and collaborative environment.

Australia Post - Courier   2018 – 2023

Effectively working in a team and autonomously to sort and deliver mail.
High interpersonal and communication skills when sorting with the team and utilising customer service skills when delivering to customers. Problem solving on a day-to-day basis.
